About Me

I'm focused on solving problems by creating meaningful experience design. I **love** to take new challenge and I am able to take ideas from concept to wireframe to prototype to production.

Education

Ideal Matriculation School

June 2016 - 2017

I studied 10th in Ideal Matriculation School. I got 92% marks in SSLC.

Scad Polytechnic College

June 2017 - 2020

I studied Diploma in scad polytechnic college. I got 80% marks in Diploma.

Experience

Quadkast Technologies

Oct 2021 - Still

Responsibilities included conceiving, Implementing and over seeing design functions for user-level templates of Mobile Apps, Dashboard & Web screens.

Interest

I am empowered to make a difference. "The ability to create amazing products is the number one reason why I love my job. It also helps that I have the freedom to be creative, work with great people, and see my designs come to life."
